Get involved

What this guide is about

This guide explains the different ways that you can get involved, whether in person or digitally.

Who is this guide for

For people who live in a Progress Housing Group home or community.

Bitesize summary

- We want our tenants to get involved in helping us to improve our services and communities
- There are lots of different ways that you can get involved, whether in person or digitally
- You can get involved as little or as much as you like
- We can help with the cost of getting involved.

We put our tenants and customers at the heart of everything we do. To do that well, we need your help to share your thoughts on our services and shape what we do.

You can get involved in many different ways, whether in person or digitally.

We would also love to hear from you if you have any new ideas for yourself and others to get involved.

Community involvement

Community involvement is the opportunity to bring positive change to your community and help us to improve our services by letting us know what you think and volunteer your time.

Getting involved can be very rewarding - learning new skills, meeting new people and making a difference in your community.

Volunteering your time could also help you to earn Time Credits, which you can spend locally or nationally in places like leisure centres and trampoline centres.

For more information on Time Credits, visit wearetempo.org.

Anyone living in our properties can get involved with groups and activities that help review and shape our services. We also welcome people from the wider community who like to help make a difference by attending our community events and volunteering.

Support available

We can offer some support, including:

- Travel costs
- Childcare costs
- Support or carer costs
- Get connected digitally
- Training and guidance.
